Town Meeting Warning

The State of New Hampshire

To the inhabitants of the Town of Pittsburg in the County of Coos in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday, the 9th day of March next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.
3. To see if the Town will vote to accept State Aid and raise money for the same.
4. To see if the Town will vote to raise three thousand (\$3,000) to finish the new Hall Stream Road.
5. To see if the Town will vote to hire a Policeman and raise money for the same.
6. To see what action the Town will take in regard to street lights and raise money for the same.
7. To see what action the Town will take in regard to a Fire Dept. and raise money for the same.

8. To see how much money the Town will raise for highways and bridges more than required by law.

9. To see what action the Town will take in regard to enlarging the Town Hall, and raise money for the same.

10. To see what action the Town will take in regard to having extension wings put on the balcony, one on each side extending up the hall to the third window and being large enough to accommodate approximately thirty people each, and raise money for the same.

11. To see what action the Town will take in regard to a power snowplow to keep the roads open winters and raise money for the same.

12. To see if the Town will vote to raise the sum of three thousand two hundred dollars, (\$3,200) to meet the State in a like sum to oil and maintain the State highway.

13. To see if the Town will vote to discontinue the following roads:

A. From Oneil Marchesseault's to Hall Stream.

B. From the New Road at Robt. Bryan's to the Hall Stream Bridge.

C. From Jubel Wheeler's house to the Hall Stream Bridge.

14. To see if the Town will vote to raise one thousand dollars (\$1,000) to lay out on the Fred Hawes road.

15. To see if the Town will raise one thousand dollars (\$1,000) to continue the side-walk on the same side of the road as now located.

16. To see what action the Town will take in regard to the young people having the Town Hall.

17. To transact any other business that may legally come before said meeting..

Given under our hands and seal, February, in the year of our Lord nineteen hundred and twenty-six,

BERT INGERSOLL
GEORGE W. HAWES
Selectmen of Pittsburg

A true copy of Warrent—Attest:

REPORT OF THE TOWN OF PITTSBURG

SUPERINTENDENT'S REPORT

Feb. 1, 1925 to Feb. 1, 1926

I can conscientiously say that our schools are making good progress and that in general the work is satisfactory. Attendance is good, interest is evident and scholarship constantly improving.

Our percent of attendance for the school year ending June 30, 1925 was 93 1-2. When we compare this record with 90 percent in 1924, 89 percent in 1923 and 87 percent in 1922, we find that there has been a steady improvement. In the high school, we had a record of 96 percent which lacked only 1 percent of placing our school on the State honor roll. During the first half of the present year, we have exceeded 97 percent, and we sincerely hope that this average will be maintained. Had it not been for an epidemic of colds and grippe in April, we should have attained the coveted 97 percent in 1925.

Standard tests have been given in all schools. The results have interested both teachers and pupils and have enabled us to discover our weak points as well as points of excellence. In general, the weak points are English grammar and Spelling, while some pupils are not up to standard in reading. A pupil who enjoys reading and reads a great deal out of school, will usually make better progress in all school subjects than one who does little reading. Standard tests also assist in the proper classification of pupils from grade three, up. First grade pupils should be able to read at sight and understandingly from an easy first reader before being promoted to grade two, and second graders should show similar ability to read from a second reader before being passed to grade three.

REPORT OF THE TOWN OF PITTSBURG

A crowded condition now exists in the primary school and it will be necessary to relieve this congestion in some way. There are two ways of handling the situation. We can divide the primary room and employ an additional elementary teacher, or we can re-organize the school system, as described below. By moving the seventh and eighth grades up stairs, and employing a third teacher in the high school, we can departmentalize the work and give the upper grade pupils the benefit of longer class periods, and the high school equipment. This would seem to be the more desirable plan and the printed budget was made out with this change in mind.

In the rural schools, a large number of pupils remain during the noon hour and hot lunches are served. Pupils assist in this work and most of the materials are brought from home.

SCHOOL STATISTICS

Sept. 1, 1924 to June 30, 1925

	Elementary	High
Days school was in session	177	176 1-2
Days lost by holidays, & no-school days	3	3 1-2
Average daily attendance	97.5	34.5
Average daily absence	7.7	1.4
Percent of attendance	93	96
Cases of tardiness	211	34
Average tardiness per pupil	2	1
Number of pupils not tardy	55	18
Number of pupils not absent	6	2
Cost of instruction per pupil	\$ 60.63	\$ 109.26

In closing, I wish to thank teachers, members of the School Board, parents and pupils for their co-operation. May we continue to work together in maintaining the standard and ideals of our schools.

Respectfully submitted,

William F. Skelton, Supt.

REPORT OF THE TOWN OF PITTSBURG

REPORT OF SCHOOL NURSE

Mr. William F. Skelton,
Superintendent of Schools

Dear Sir:

I herewith submit my report for the first five months (Sept. 1st, 1925 to Feb. 8th, 1926) as School Nurse in the Town of Pittsburg:

Number of visits to schools	101
Number of visits to homes	129
Number of pupils examined	151

Of these, the following defects were found:

Number of pupils with defective teeth	60
Number of pupils with enlarged tonsils or adenoids	41
Number of pupils with defective sight	11
Number of pupils with defective hearing	3
Number of pupils with enlarged thyroid glands	10
Number of pupils with orthopedic trouble	1
Number of pupils with skin irruptions	2
Number of pupils anemic	3

Total number of defects found	131
Number of treatments in school	11
Number of treatments in community	37
Number days spent in school or community work	69

REPORT OF THE TOWN OF PITTSBURG

Tests for vision and hearing have been given in all schools. 11 pupils were found to have defective sight and 3 with defective hearing.

Plans are being made for having an eye and ear clinic to be held here in the spring, as well as a dental clinic, so the pupils will have a chance of getting corrective work done.

Of the 150 pupils weighed and measured in September, 33 were 10 percent underweight, most of these having gained during the year. All pupils are being weighed four times during the year, those that are as much as 5 pounds underweight more often.

A large number of pupils are unvaccinated, although there is a State law requiring that every child on entering school should be vaccinated or show a card of exemption signed by a doctor.

The pupils for the most part are in excellent condition as regards appearance, nutrition and posture.

Classroom inspections have been made once or twice a month, which consists of inspection of the scalp, skin of the face, neck and hands, the mouth, throat, teeth and posture of the pupils.

Health talks have been given on the care of the teeth, body and hair. The importance of good food and health habits, the value of fresh air, the prevention of colds and other diseases and on correct posture.

One half hour a week talks on home hygiene is given to the High School girls and one half hour a week is given to the grammar grades on hygiene.

Visits have been made to the homes of the school child to confer with the parents, when it has been advisable.

REPORT OF THE TOWN OF PITTSBURG

The Junior Red Cross has been organized in the schools. The teachers and pupils will find it helpful in their school health work, as there is a very good health program connected with it, and it also creates a splendid spirit of service to others among the pupils.

With the exception of an epidemic of colds and sore throats, there has been little illness of any kind among the pupils in the Pittsburg schools.

The health work in the Pittsburg Schools has been most encouraging. There has been a marked improvement in posture and nutrition among the pupils and also a growing interest in good health habits. This is largely due to the enthusiastic efforts of the teachers whose work in this line cannot be too highly praised. Without the splendid aid of the teachers, who see the pupils daily, the work of the School Nurse would be of little avail.

The parents also are responding well in helping to carry on the work, as is shown in their readiness to have all abnormal conditions remedied.

Parents with large families cannot have all the defects that exist with their children corrected at once, but in time they will do their part in helping to make healthy, happy boys and girls, so the future citizens of Pittsburg will be efficient, able-bodied men and women.

Respectfully submitted,

Grace Lucas, R. N.
School Nurse.
